*This is from Peter W:*

The contract is 7H by S.  
W leads ♣K.

As south, how do you make your contract.

*It can be done – it took me several days to solve.*

*I won't give an answer today. I will give one at the next session.*

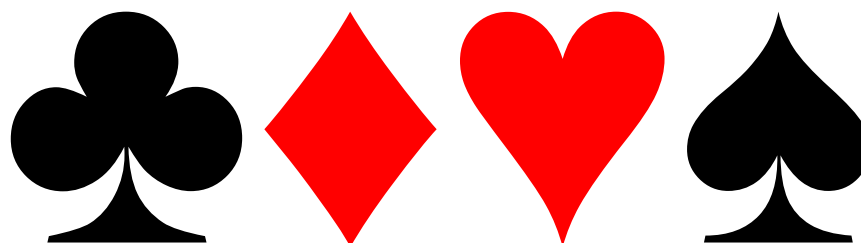

“x” means a little card that can't / won't win a trick.

# U3A Intermediate Bridge 2015-16

## Week 2 ... of the week

### **Procedure of the week:**

Despite my asking three times last week (what I tell you three times is true), that opening leads are played FACE DOWN until the table is happy. At least two people got it wrong – maybe more, I wasn't watching. Train yourselves to do it like that instinctually.

### **Hint of the week:**

Count your cards 1..13 face down when you first take them out of the wallet.

Recount them when sorted in your hand by reciting the shape:

Balanced: 4333, 4432, 5332

Awkward: 4441

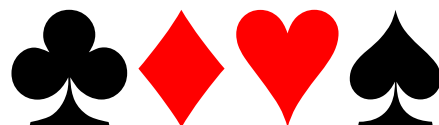

Distributional: 5422, 5431, etc. Think balanced and move cards from "5332". *This will help your feel for what shape you have.*

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

For the first couple of weeks, I'm going to summarise what we have covered over the last 3 years.

This will be more akin to an index or a contents list than a detailed description of the subject mentioned.

Read RWPB.

Read the previous years' presentations.

Some of the material has come from sources other than RWPB – I'll try to mention that as it arises.

There may (rarely) be new material here for the "oldies" amongst you. Revision does no harm.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### **Evaluating your hand.**

Use “HCP” (aka the Milton Point Count) to determine your basic strength. **Ace = 4, King = 3, Queen = 2, Jack = 1.**

RWPB adds 1 Point for every card over L4 immediately.

*I do not do that for the balanced hand 5332.*

*Some experts subtract 1 Point for a 4333 ultra-balanced hand.*

*Some experts add 1 Point for an abundance of 10s and 9s.*

*(Generally I will use HCP as the unit, and only refer to Points (Pts) when shortages are included – see next page)*

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Evaluating your hand.

Only when you have a fit, add shortage points:

If your partner first bid the suit (THEIR suit):

L0	5
L1	3
L2	1

If you first bid the suit (MY suit):

L0	3
L1	2
L2	1

(THEIR is longer than MY; 531 is bigger than 321.)

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### **Evaluating your hand.**

If you fail to find a fit do not let bidding go too high.

If partner bids a suit you have a shortage in, your hand gets WORSE.

If partner bids a suit you have L3+, your hand improves.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### **Evaluating your hand.**

Once you have found a fit (L8+) you may use the [Losing Trick Count](#).  
(*Not in RWPB*).

Count how many of AKQ you will lose in each of 4 suits.

If you only have L2, only count for AK.

If you only have L1, only count for A.

If you have L0, you have 0 losers in that suit.

Add your actual losers to the assumed losers of your partner and subtract from 18 for an advisory bid level.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Evaluating your hand.

#### Losing Trick Count:

Assume:

Opener 1 level	7LT
Opener strong 2 level	4LT
Responder 1 level	9LT
Responder 2 level	8LT
Overcaller	8LT
Take-out doubler	7LT.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Responding to opening 1NT

### Balanced

Priority is L8+ major fit. Then NT, lastly minor. Prefer to play minor fits as NT.

Add your points to opener's range (12..14). Bid to the limit of your total:

0..10	12..24	Pass	but see Weak Take Out below
11..12	23..26	2NT	but see Stayman
13..18	25..32	3NT	but see Stayman
19+	31+	4NT or more,	see details previous years.

0..10 and L5+*suit*, bid Weak Take Out of 2*suit* if .

0..10 and L6+, bid through Stayman 2 to 3 WTO.  
The weaker you are, the more important a WTO is.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Responding to opening 1NT

### Balanced

**Stayman:** Seeking a major fit.

With L4major (NOT L5+major) (other major doesn't matter) and 11+ HCP bid Stayman asking for L4+major.

Opener replies 2♦ if none,

2♥ if L4+♥ (May also have L4+♠),

2♠ if L4+♠ and L3-♥.

If Opener replies 2♦ “none”, bid 2NT previously planned.

Bid on if a fit.

Can also bid “Weak Stayman” with 0..10 HCP and L4major, L5other\_major. Either a fit found or rebid L5suit as WTO.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Responding to opening 1NT

### Other

Distributional hands with 12+ Pts are aiming at game.

10..11 HCP: Treat as 9 HCP with all suits L5-.

With L6+suits can add 2 or 3 Pts to think about Game.

If you do not WTO a distributional hand, you will be jumping and so heading for game.

After opener's 1NT, treat L6+minor hands as balanced.

Rarely play game in a minor suit.

3minor shows a hand with SLAM interest: Wild shape (eg 6511) and 16+ HCP.

L6+major, jump straight to 4major.

L5+major, bid 3 major allowing opener to choose between 3NT (only L2the\_major) or 4major (with L3+major).

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Responding to opening 1suit

### Change the suit

1new\_suit promises 6+ Pts and L4+new\_suit.

2new\_suit promises 8+ Pts and L4+new\_suit,  
except 1♠ - 2♥, which promises L5+♥.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Responding to opening 1suit

### Support opener's suit

6..9 Pts L4+suit          2suit      *Occasionally with only L3suit*  
Prefer to support with 2suit on L3suit rather than bid 1NT.

10..12Pts L4+suit          3suit

OLD STYLE

13+Pts L4+suit          4suit

NEW STYLE

9-HCP, 13+Pts L4suit      4suit

13..15 HCP L4+suit No L1-      3NT      *Pudding raise, (almost) balanced.*

With the last category **but** some L1- suits, contemplate a splinter bid  
– not yet covered.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### **Responding to opening 1suit**

### **Jump Shift**

A jump shift shows a strong hand, is forcing to game and is seriously interested in a slam.

A Jump Shift, is a two round sequence. In the first round a new suit is bid with a jump (not a raise) (use STOP). The next bid by the jumper SETS the suit – no arguments.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Opener's rebid

### Balanced

When you make an opening bid, already your rebids planned.

15..16 HCP	Balanced	1suit ... 1NT	<i>(or rather raise in NT)</i>
17..18 HCP	Balanced	1suit ... 2NT	<i>(use STOP) (or rather jump NT)</i>
19 HCP	Balanced	1suit ... 3NT	<i>(use stop)</i>

If responder has replied 2suit, then 3NT is 17..19 HCP.

*Note that this is OLD STYLE. NEW STYLE (not in RWPB) divides the range up without using 3NT. No details available.*

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Opener's rebid

### Support Responder

If responder bid a major suit (L4major) and you have L4+major, you have a fit and a duty to support him immediately. *This has priority over a NT rebid.*

### Over a 1major response

12..15 Pts	Raise
16..18 Pts	Jump
19+ Pts	Game

### Over a 2major response

12..16 Pts	Raise
17..19+ Pts	Jump to game

*Note you may have started bidding with 19- HCP, but after finding a fit, may have 20+ Pts.*

*Use [Losing Trick Count](#) to see if a slam is plausible.*

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Opener's rebid

### Distributional hands

#### Single suited

L5suit	Rebid 2suit
Good L6suit	Rebid 3suit
Good L7suit	Rebid 4suit

#### Two suited

Rebid second suit, showing L5+first\_suit, L4+second\_suit

A Jump Rebid shows 17+ Pts and is forcing to game. Should be at least L5/L5.

#### Three suited 4441 or 5431

Show another L4 suit, unless your L3 suit is partner's major – then support the major.

# U3A Intermediate Bridge 2015-16

## Week 2 Summary part 1

### Opener's rebid

### Reverse

A bid then a rebid that forces responder to give preference at the 3 level is a **reverse**.

Only do a **reversing rebid** with 16+ Pts. Always have more cards in first suit than second suit. **A reverse is forcing for one round.**

Avoid a reverse by rebidding first suit instead.

## Week 2 Summary part 1

**Opener's rebid**

**Trial bids and more**

## Week 2 Play

### Play

Divide yourselves into pairs and then into tables.

This week I do not plan to ask you to move, in future weeks we may.

NS have the pair number of their table, N has his back to the screen.

EW have the pair number of their table plus 6.

When you have played a hand, pass it to the next numbered table in sequence. The highest numbered table passes to table 1.

And one last thing – **as part of the learning process** – I would like the partner of whoever has just bid to take whatever action is **standardly required** (announcing 1NT to be 12-14 points, ALERTing a conventional bid, ...) – **AND ALSO** to give a brief **description** to the other three players on what the bid means.

**Any questions?**

**Tea, coffee & biscuit. (20p)**
