U3A Intermediate Bridge 2015-16

Week 6 Procedures

Procedural “stuff”

“Stuff” part 1 :

Is your bid a JUMP bid? Use the STOP card.

- ♦ Place STOP on the table near (but not on) your bid staircase.
- ♦ Immediately BID as the next rung of your staircase.
- ♦ Count to 10 (10 seconds). Your Left Hand Opponent is not allowed to bid whilst STOP is on the table. LHO can use the time to think what difference this bid makes.
- ♦ Put the STOP card away.

Note that although also RED, the double card has an X not “STOP”.

U3A Intermediate Bridge 2015-16

Week 6 Procedures

“Stuff” part 2 i :

The rules of bridge say no secret agreements.

When a bid is not natural, it must be explained to the opponents.

Below or At 3NT, ANNOUNCE or ALERT non-natural bids

Above 3NT the player to bid may ask.

Explanation is ALWAYS by bidder's partner.

U3A Intermediate Bridge 2015-16

Week 6 Procedures

“Stuff” part 2 ii :

- (a) Very common abnormal bids are ANNOUNCED.
- (b) Other abnormal bids (at/below 3NT) are ALERTed.
- (c) The opponent whose turn it is to bid can ASK the partner of the bidder what a particular bid meant.

EG:

- (a) 1NT ANNOUNCE “Twelve to fourteen”
because many folk play other ranges.
- 2♣ response ANNOUNCE “Stayman”.
- (b) Bid of 4th suit Wave ALERT, but don’t say anything until asked. When asked explain that the bidder is weak in the bid suit and wants to know more about ‘my’ hand to decide what to do next.
- (c) Opponent asks “What did your Partner’s 4NT mean?”
You reply (eg) “Roman Keycard Blackwood”

U3A Intermediate Bridge 2015-16

Week 6 Procedures

“Stuff” part 2 iii:

ANNOUNCING is part of the rules of BRIDGE and should be done whenever playing “properly”.

On top of this, as a TEACHING AID, this group explains each bid to the others at the table.

EG:

Partner opens 1NT

You ANNOUNCE “Twelve to fourteen”

You explain to the table “Partner has 12-14 points and a balanced hand”.

Do not merge or confuse the two things you are doing.

U3A Intermediate Bridge 2015-16

Week 6 Procedures

“Stuff” part 3:

Travellers and Record cards are similar but not the same.

Travellers record what happened to ONE BOARD.

Written from the NS point of view

Beside NS pair write EW pair number

Record cards record what happened to ONE PLAYER.

Written from the player's point of view

Beside board number, write opponent's number

U3A Intermediate Bridge 2015-16

Week 6 Procedures

“Stuff” part 4:

Movements:

Normally 3 .. 5 boards are played before movement occurs.
Nobody moves until the event director says to do so.

For simple movements the director will explain.

For complex movements, READ WHAT THE CARD SAYS –
eg

NS go to Table 2 EW;
EW goto Table 4 EW.

U3A Intermediate Bridge 2015-16

Week 6 Procedures

“Stuff” part 5:

NORTH is the table COORDINATOR. They are responsible for checking that the right people are at the table and sitting in the right places. They are responsible for checking that the right boards are being played.

NORTH also fills in the traveller which is CHECKED (not discussed) by EAST.

By now you should all be VERY FAMILIAR with scoring so you can do it in your head. If you can't – how do you work out if a sacrificial bid is worthwhile?

Play

Divide yourselves into pairs and then into tables.

This week **I do plan to ask you to move.**

NS have the pair number of their table, N has his back to the screen.

EW have the pair number of their table plus 6.

When you have played a hand, pass it to the next numbered table in sequence. The highest numbered table passes to table 1.

And one last thing – **as part of the learning process** – I would like the partner of whoever has just bid to take whatever action is **standardly required** (announcing 1NT to be 12-14 points, ALERTing a conventional bid, ...) – **AND ALSO** to give a brief **description** to the other three players on what the bid means.

Any questions?

Wrong contracts. Again note that a NT contract makes more than the SAME number of tricks in a major suit contract.
